STORAGE AND SALE

BRITISH STANDARDS
All Cosmic Fireworks Ltd and Astra Fireworks offered for sale are tested to comply with BS EN15947.

VALUE ADDED TAX
All trade prices quoted are exclusive of VAT. All recommended retail prices include VAT at 20%. Should the VAT rate change, the retail prices will be amended accordingly.

PLEASE NOTE:
Prices shown were fixed at January 2019 and will be maintained unless dramatic increases in material costs occur.

All goods are offered subject to availability.

We reserve the right to vary contents of all selections and packs.

LICENSED STORAGE
Before the purchase of fireworks you are required under the Explosives Regulations 2014 to licence your premises. Licensing fees can be obtained from your local issuing authority. Cosmic Fireworks must see a copy of a valid licence before any deliveries can be made to the licenced premises.

WEIGHT LIMITATIONS
The storing of any explosives is controlled by the Explosives Regulations 2014. These Regulations require any person storing explosives to hold a licence. Local Authorities are responsible for issuing licences for the storage of amounts up to 200kgs NEM. For greater quantities a licence is required from the HSE.

The premises, surroundings and separation distances that you are able to achieve at the storage location will have an effect on the total quantity you will be permitted to store. You should not automatically assume that your shop is suitable to store the maximum amount.

The maximum amount of HT4 that may be stored without the need for separation distances is 250kgs NEM. The maximum amount of HT3 that may be stored without the need for separation distances is 25kgs Nett Explosive Mass (NEM).

When storing a mixture of HT3 (1.3G) and HT4 (1.4G) fireworks in a single store, the total resulting NEM is determined to be all HT3.

You should always review your storage licence prior to purchasing HT3 fireworks to ensure your storage capacity and safety distances are not exceeded.

FIREWORK REGULATIONS
The Explosives Regulations permits the sale of fireworks during the following periods only:

- NOVEMBER 5TH - from 15th October to 10th November
- NEW YEAR - from December 26th to 31st
- CHINESE NEW YEAR - on the first day of the Chinese New Year and the 3 days immediately preceding it
- DIWALI - on the day of Diwali and the 3 days immediately preceding it

Should you wish to sell fireworks outside of these periods then an additional licence to sell fireworks will be required from your local authority (£500)

PREVENTION OF UNDERAGE SALES
A statutory notice, relating to the illegality of sales to and possession of fireworks by under 18’s must be displayed in full view of the buying public. This notice may be obtained from either your supplier of from your local authority.

It is now illegal to supply a fireworks which has a decibel level of over 120dB A-Lmax. Cosmic Fireworks (Trading) Ltd is committed to supplying only fireworks below this level.

In the unlikely event of a retailer selling a quantity of fireworks in the excess of 50kgs NEM to any one purchaser, a record must be kept of the name and address of the purchaser, plus the weight of the consignment.
