## Fireworks with a Display Lid

Dear Customer,

We at Cosmic Fireworks Ltd are aware the importance of dummy fireworks, in promoting sales and managing NEQ's on the shop floor, therefore we are providing free display firework lids to use instead of a normal dummy firework. These display lids are pre-packed to cartons of actual stock that we have ordered this year from China. In most cases there are 1 display lid per carton, but for some of the smaller cakes there will be more.

Firework outer cartons with the following logo printed on them contain display firework lids.

These display firework lids will be placed over actual fireworks within the cartons, and ideally you should remove each lid prior to the sale of that firework, the display lids do not contain any warning instructions. To easily distinguish the display firework lids in most cases the following logo appears on each lid.

The firework cartons in which we offer these free display lids are as follows

20707	Air Strike
20713	Comet Chaser
20716	Doomsday
20720	God Of Thunder
20730	Martian Attack
20725	Neutron Bomb
20741	Power Force

20749	Demonic Terror
20752	Comet Blitz
20783	End Of Days
20768	Star Bombard II
20777	Nemesis Attack
20778	Sonic Force

20829	Flaming Phoenix
10575	Armageddon II
